

The **HP EPIC**[™] has the widest anti-skid walkways in our HydroPort Series fleet of ports. The latest entry design has the easiest load and launch of any PWC docking platform on the market. Our anti-slip walking surface provides the safest access around your craft. The HydroPort EPIC accommodates the increase in size and capacity of today's PWCs. The EPIC provides for stable access, easy cleaning, fast covering, and deters intake fouling associated with marine growth — and protects your personal watercraft against rough waters.

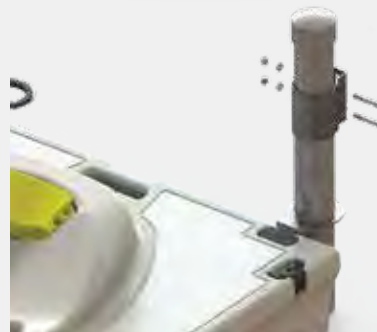

STANDARD FEATURES

- Widest anti-skid walkway of any HP[®] Series model allowing for access around the craft
- Upgraded entry for smoothest load/launch
- PWC is fully roller supported
- Ultra-tough polyethylene construction
- CNC molds for exact form, function, and fit
- Exclusive "Air-Pillow" bow stop
- Twelve high-performance 5"x2" rollers
- Stainless steel roller axles for increased strength and compatibility with fresh, brackish, and saltwater
- Roller width and placement is easily adjustable to accommodate different models of watercraft
- Connects seamlessly with the HP Extreme[™] allowing you to grow your HydroPort fleet
- Available in gray, tan, and blue

RECOMMENDED FOR

- One-, two- and three-seat PWCs
- Floating or fixed docks
- Front- or side-mount installations

HYDROPORT
EPIC

Universal mount for floating or fixed docks

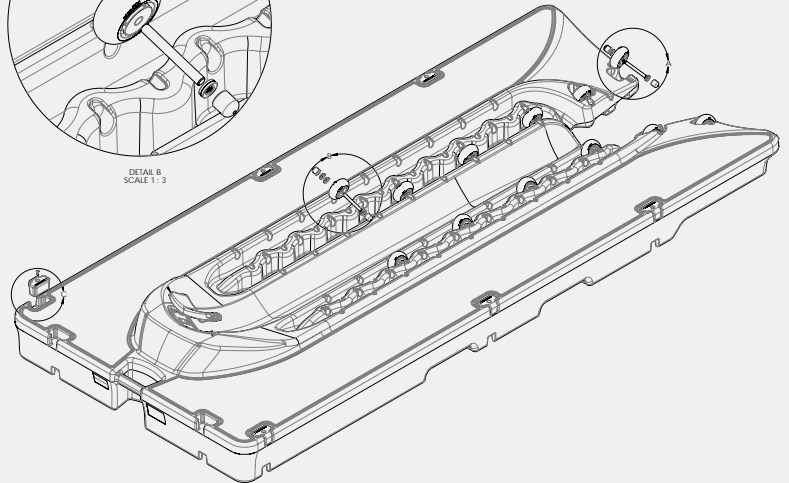

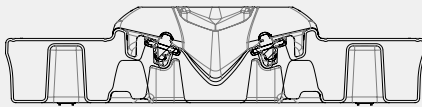

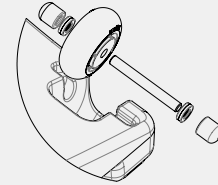

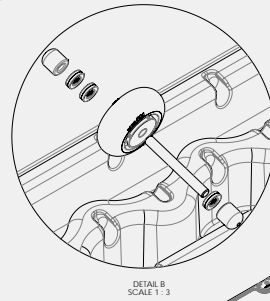

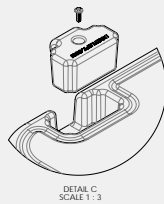

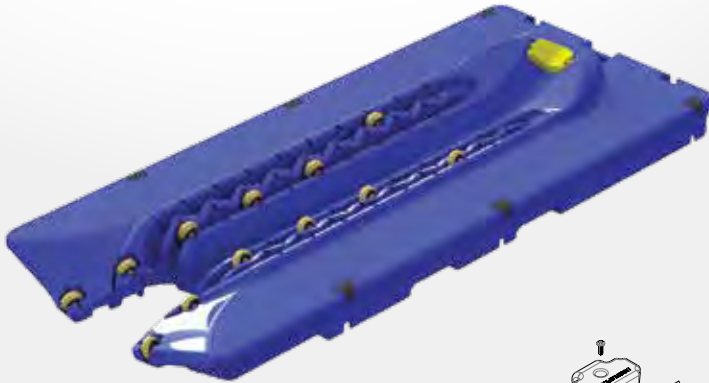

Connects seamlessly with HP Extreme[™] model
